## Message by **SHRI HARSHAD DESAI** Advisor - Chinaplas 2024 Delegation

My Heartiest congratulations to President, Office Bearers, Chairman GC Shri Arvind Mehta, Chairman ChinaPlas 2024 delegation Mr. Vinay Nandwana and team for taking delegation of more than 250 industry members to ChinaPlas 2024. It is a matter of great pride for AIPMA and Managing Committee members that AIPMA is in service to provide business platform to members and Indian Plastic Industry as a whole and taking delegation from past 3 decades.

I want to sincerely thank our Advertiser of ChinaPlas 2024 delegation directory for supporting in the journey.

AIPMA is not only taking delegations but also organizing B2b meetings where members will be networking with Chinese as well as foreign participants participating in ChinaPlas 2024 will be a huge exercise.

I am confident that the deliberations at this event will enrich the knowledge base and provide an opportunity for enhancing professional excellence of delegated and participants.

As an Advisor, I have tried my best to do my part and facilitated every delegate with ease of visa process. I want to thank the authorities at Chinese consulate for considering the visa of more than 250 delegates from India.

I shall be fulfilling my duties as and when assigned to me.

## Message by **SHRI ARVIND MEHTA** Chairman - Governing Council - AIPMA

Greetings from Team AIPMA

It's a great moment for all of us to once again organize Indian Business delegation group of over 250 delegates to Chinaplas-2024 at Shanghai, keeping up with our past tradition. Thanks to the industry and organizers of Chinaplas - M/s Adsale Exhibitions for supporting us in our endeavour.

I congratulate Mr. Vinay Nandwana, Chairman and Mr. Harshad Desai, Advisor, Chinaplas-2024 Delegation Committee for their excellent execution of delegation group after 3 years. Also congratulate the Team for designing and compiling wonderful delegation Directory, which will be in hands of all delegates and also circulated at the ground. This indeed will give desired reference book for business opportunities.

We are glad that AIPMA is substantially contributing to the growth of Plastics Industry and are striving towards providing more and more services to the Industry. AMTEC is a visible, Industry oriented verticals. AMTEC has already trained over 600 students and approaching towards offering meaningful Education and Technology to not only the start-ups but also to existing entrepreneurs who are looking for Technology and growth. The students are being subsidised on their education through CSR funds. Indeed, a great service to the Plastics Industry giving placements also along.

GCPRS i.e. Global Conclave on Plastic Recycling & Sustainability Exhibition is the first recycling show in India having lot of participation, scheduled between 4<sup>th</sup> to 7<sup>th</sup> July 2024 at Pragati Maidan, New Delhi.

With National and International initiatives i.e. Plastivision India Exhibitions, Trade Delegations to Plastics Exhibitions, Conference, B2B meetings, Education and skill development programmes, AIPMA pledges to bring vibrant business gateways to all members and industry at large. AIPMA has grown leaps and bounds because it is lead and executed by Honorary members of Managing Committee.

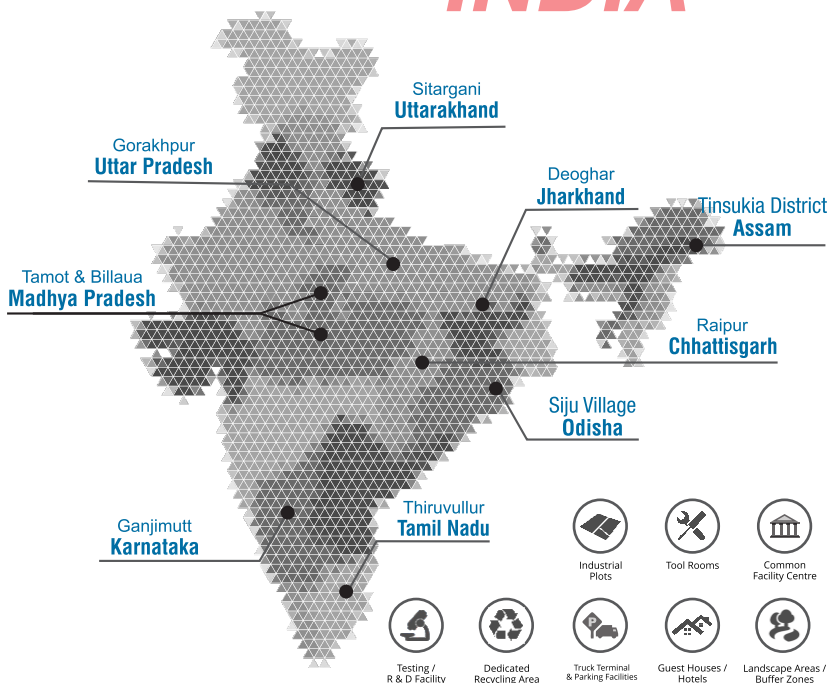

I take this opportunity to congratulate President and all Office Bearers, Members of Managing Committee for their benediction to the Team.

Looking forward to meeting you at Shanghai.

## Message by **SHRI AJAY U. DESAI** Chairman - NPE 2024 Indian Pavilion

At the out I would like to congratulate Chinaplas 2024 delegation Team, under leadership of Shri Vinay Nandwana Chairman and Shri Harshan Desai Advisor, for their endeavour to compile and publish this Directory with elaborate details of not only AIPMA delegates visiting Chinaplas 2024 at Shanghai, but also each and every point which are important for us to understand during our travel and stay in China.

Amidst all challenges and post pandemic this is one of the largest Group of business seekers going to Chinaplas 2024 for which the team deserves round of applause. This directory will act as a reference Book in hands of numerous decision makers globally.

Industry friendly policies of Government of India along with increase in consumption of plastic goods by virtue of growth and investment in fields of Agriculture, Infrastructure, Pharmaceuticals, Electric & electronics, Packaging, exponential increase of Exports, Recycling etc is likely to see multifold growth of the plastic processing industry in next 3-5 years. This will simultaneously give Boost to employment in Plastic Industry.

AIPMA has strived to serve the Plastics Industry since 79 years paving way to opened gateways of opportunities for the Indian plastic industry by implementing various activities and has taken new initiatives for increasing exports of plastics from India. Moreover promoted skill development initiatives and Startups with modern and innovative technology for the Plastics Industry.

This includes launching “**INDIA AIPMA Pavilion**” in NPE 2024 from 6-10 May 2024 at Orlando, Florida, USA. NPE being one of the largest international exhibitions in North America with over 2000 exhibitors and business visitors from over 120 countries, AIPMA is facilitating participation of exporters from Indian plastic industry in **INDIA AIPMA Pavilion** with needed space and services at most economical proposition with Government of India aided financial support from Ministry of MSME to the participants. NPE-2024 exhibition will provide an opportunity to Network with right people, unlock business opportunities, understand innovative ideas, concepts of sustainability, and display of Technology of next generation.

With best wishes

## Message by **SHRI JAYESH RAMBHIA** Chairman - Plastivision India 2027

Plastivision India show is organised by The All India Plastics Manufacturers Association (AIPMA) since 1993, once in 3 years. Show is located at Mumbai, India's financial capital, nearly 61% polymers are made in Western India. So it's rightly located in heart of plastic industry heartland.

India is world's fastest growing large economy with 7.2% growth. Historically Plastic industry grows nearly 1.5 times faster than GDP growth. India's per capita consumption of plastic is only 13 kg, world average being 30 kg. There is huge headroom to grow. In next decade India is most likely to catch up with global average. That means in next 10 years India will need to buy nearly twice as many machines as it did in past 50 years. It's humongous opportunity.

There are few countries in the world, where you find polymer manufacturing petrochemical units making 26 million tons, machine makers making 25,000 machines, mould makers, 50,000 plastic processors, recyclers & large growing market serving 1,400 million consumers. India also has world's youngest work force 30.7 years average age. 1.5 million Engineers & 2.5 million science graduates from Indian universities.

Indian government is encouraging self reliance for consumer needs. Currently India is importing plastic goods worth close to 12 Billion \$. This also will help sell nearly 100,000 new plastic processing machines over next 5 years.

Many foreign machine makers have set up manufacturing units in India.

Last edition of PlastiVision was held in December 2023. Had 1,238 exhibitors from 20 countries, 3,24,000 visitor footfalls from 68 countries. All the machines on display were sold out. Next one will be held in January 2027, would be bigger and better. It's already in top 3 plastic trade shows in the world in terms of visitors footfall. Exhibitors were extremely satisfied. Most exhibitors have rebooked with much bigger space. We invite you to book early.

Last show we had foreign buyers from 68 countries. We had hosted 102 qualified buyers from 26 countries with free stay. Next time, we plan to double. It helps exhibitors to meet buyers from across the world.

Indian government policy is pushing hard to recycle used plastic waste, so if you make recycling machines, grab the opportunity.

While there are bigger and more renowned plastic trade shows in the world with fancier venue etc. None of them match actual growth potential of what's happening in India. India is in almost similar position as China was about 25 years ago, just before major economic upswing. Don't miss the opportunity to grow with India.

Do speak to us about extending your visibility from 5 days to 1000 days.

We invite you to visit us at AIPMA PlastiVision Booth: Hall 7.1 Booth T37

Meet us at 7.1.T37

### TRADE FAIR INFORMATION:

#### Asia's No.1 plastics and rubber trade fair" - International Exhibition on Plastics & Rubber Industries

China, the renowned world's factory, and ASEAN, the emerging manufacturing hub, have been undergoing a new chapter of rapid technological transformation due to the preferential developments expected from the implementation of the Regional Comprehensive Economic Partnership (RCEP), the growing of regional domestic consumption, as well as the substantial investments in infrastructure, generating pressing demand for upgraded production materials and technologies. These developments offer golden business opportunities not only in China but also across wider Asian region. CHINAPLAS, as Asia's foremost plastics and rubber trade fair, empowers professionals from various applications to explore game-changing innovations, enhance capabilities, improve efficiency, and navigate the evolving manufacturing landscape with a full spectrum of latest plastics and rubber technology solutions. In 2023, CHINAPLAS achieved a record-breaking scale of 380,000 sqm exhibition area with an attendance of 248,000+ visitors from all over the world. CHINAPLAS 2024 is ready to make a strong comeback to Shanghai after a six-year absence, promoting high-quality development and showcasing top intellectual achievements in high-end manufacturing for the plastics and rubber industries. Join us in Shanghai, PR China in April 2024.

## AIRLINE PROCEDURE

**Baggage Screening** - Get your Baggage screened at the respective airline counter and further proceed for check-in.

**Check-in** - Proceed to the respective airline counter and check in your bags & get boarding pass issued along with the baggage tag receipt. Make sure your check-in bags are tagged till the final destination. Also ensure to tag all your hand baggage with the baggage tags. The airline / immigration counter will provide you the Embarkation form which needs to be filled and shown at the Immigration counter. Request for desired seat can be made while check-in (window/aisle seat) before getting issued the boarding pass. Boarding Pass will indicate boarding gate no for respective airline departure and also show your travel sectors and seat no. If you have connecting flights, they may provide you two boarding pass with connecting sector.

**Immigration** - After you get your boarding pass, move towards the Immigration counter. Show your boarding pass, Passport and Embarkation form. The immigration officer will stamp your passport and return it back to you.

**Customs** - The foreign exchange carried by you has to be endorsed on your passport. Jewelry & Electronic goods should be declared with proof of purchase. If not, heavy customs duty may be incurred. Hand Baggage is checked randomly at the discretion of the officials.

**Security Check** - Proceed through security check (Hand Wand Inspection & Pat-down Inspection) followed by

Carry-on Inspection before heading to your Boarding Gate. Produce your boarding pass at the security gate. Be prepared to remove your shoes, belt, watch, laptop & cell phone and anything that has a substantial metal content. Bins are provided to keep loose items together.

**Boarding** - Once past the airport's security checkpoint, proceed to your gate's boarding area. You may be required to wait in the waiting area before proceeding for boarding. Check the departure monitors for the latest status and boarding gate no. Boarding typically begins about 30 - 60 mins prior to the scheduled departure time. You will pass an airline gate agent, who will take your boarding pass and return a counterfoil to you. Retain the counterfoil with you till the completion of the journey. Embark the plane & find your seat & place your cabin baggage in the overhead bin.

**On Board** - A disembarkation form will be handed over to you by the cabin crew which is required for immigration at the destination.

**Transit** - Once you land at your connecting city airport, you will disembark with your cabin baggage and wait in the transit lounge. Check the departure monitors when you de-plane to check on the status of your connecting flight.

**Immigration** - Once you have disembarked, follow the signs to Immigration. Your passport will be stamped with the entry date. The departure card/form will have to submit here.

**Baggage Claim** - Check the monitors to find the carousel that corresponds to your flight number. Collect your Baggage from the conveyer belt. If you are taking connecting transfers via ferry, your baggage may get directly transferred on submission of the baggage tags at the Ferry Counter.

**Customs** - The baggage clearance at the major International Airports consist of two channels for clearance: Green channel, not having any dutiable goods to declare & Red channel, having dutiable goods to declare.

**Forex** - It is recommended that you convert some of your USD to local currency for any immediate expenses. Foreign exchange services are located at various convenient locations across terminals. Some banks may charge a service fee for currency exchange. It is recommended that you carry your passport & necessary travel documents if you wish to change currency. ATMs of various banks (national and International) are available at various locations in the airport.

- Reconfirm the date & meal preference for your inbound journey.
- In case of a date change for the inbound sector you will have to call local airline office, it will be subject to availability of the same booking class & seat.
- The airline may charge a penalty fee for the date change.
- All airlines do not permit date change.
- Always keep a photocopy of your ticket and passport in case your documents are misplaced or lost.
- In case of lost ticket, please contact the issuing agency and ask them to email you the electronic ticket. Take a printout of it.

## DESTINATION INFORMATION:

**Location:** Located in the east of the Asian continent, on the western shore of the Pacific Ocean, the People's Republic of China has a land area of about 9.6 million sq. km, and is the third-largest country in the world, next only to Russia and Canada.

### Weather & Climate:

China has a great diversity of climates, but being located entirely in the northern hemisphere its seasonal timings are broadly comparable to those in Europe and the US. The northeast experiences hot and dry summers and bitterly cold winters. The north and central region has almost continual rainfall, hot summers and cold winters. The southeast region has substantial rainfall, with semi-tropical summers and cool winters. Central, southern and western China is also susceptible to flooding, and the country is also periodically subject to seismic activity.

### Best time to Visit China

Early autumn, when temperatures are pleasant and rainfall is low, is generally seen as an optimum time to visit. If arriving in winter, heavyweight clothing and boots are recommended to cope with what can be extreme cold. Likewise, lightweight clothing should be packed for a visit at the height of summer.

Be aware that **if visiting during Chinese New Year** a large number of businesses will be closed and public transport, in particular rail routes, can be enormously busy.

### Local Time Difference

China is 2.5 hours ahead of IST (Indian Standard Time)

### Money & Currency

**CURRENCY: 1 USD = 7.20 RMB (Chinese yuan Renminbi) (1 RMB = 11.53 INR)**

1 Renminbi Yuan (CNY; symbol ¥) = 10 jiao/mao or 100 fen. Notes are in denominations of ¥100, 50, 20, 10, 5 and 1. Coins are in denominations of ¥1, 5 and 1 jiao/mao. Counterfeit ¥50 and ¥100 notes are commonplace. The Yuan is often referred to as the 'guai' in street slang.

### Credit cards:

American Express, Diners Club, MasterCard and Visa are widely accepted in major provincial cities in designated establishments. Credit cards are often unlikely to be accepted away from the major cities.

### ATM:

ATMs can generally be found in airports, hotels, shopping centers and banks, as well as in many major cities and towns.

### Traveler's cheques:

To avoid additional exchange rate charges, travelers are advised to take traveler's cheques in US Dollars.

## **Banking hours:**

Mon-Fri 09 00-16 00/17 00. Some banks close for lunch from 1200-1300. Select branches in major cities offer extended hours in the evenings and on weekends.

## **Currency restriction:**

Imports and exports of local currency are limited to ¥20,000. The import and export of foreign currency is unlimited, but amounts exceeding the equivalent of US\$5,000 must be declared.

## **Currency exchange:**

CNY is not traded outside China. Foreign banknotes and traveller's cheques can be exchanged at branches of The Bank of China. In hotels for tourists, imported luxury items such as spirits may be bought with Western currency. Scottish and Northern Irish banknotes cannot be exchanged.

## **COMMUNICATION**

Public telephones are becoming harder to locate - your best bets are in post offices and at roadside kiosks. There is a three-minute minimum charge for international calls. The cheapest way to call internationally is to buy a pre-paid calling card, available from most convenience stores and in hotels in units of ¥20, 50, 100 and 200. You can buy a prepaid GSM SIM card (from China Mobile Ltd stores) that allows you to use your mobile like a local phone with a new number.

## **TIPPING**

Tipping is a lively issue among seasoned travelers to China. Since tipping is not a part of the culture, most establishments actually have a strict no-tipping policy. This includes almost all restaurants, massage studios, etc. In fact, offering a gratuity may be considered impolite in certain quarters as it can be taken to imply that one's work is undervalued by the employer. The only place where a tip might be expected is at a high-end hotel catering to western tourists

## **TRAVEL SAFETY TIPS**

Safety while traveling should be top-of-mind for any traveler. Pick pockets, purse-snatchers, hotel burglars and other plenty thieves are vying on the influx of unsuspecting and unprepared tourists. But international trips require a few more precautions because travelers are unfamiliar with language, surroundings and customs. It's easy to get lost, or at least distracted, as you're trying to find your way. Unfortunately, this behavior attracts unnecessary attention.

- Always keep your passport & other important documents safe with you every time you check in/ check-out of the hotel. Keep copies of passport and airline tickets handy, to obtain replacements if required.
- Carry/wear along minimal jewelry as may be needed.
- Avoid displaying the sign requesting room-cleaning service; it identifies the room as unoccupied.
- Check that all the doors and windows in your room have locks and that they work China duty free

## **BUSINESS ETIQUETTES**

- **Code of Conduct:** Since you are representing India in a foreign Land it is advisable to maintain a code of conduct such as dress code in public, eating habits, cleanliness, behavior etc.
- **Attire:** Carry formal attire for the trade fair.
- **Business Cards:** Carry enough visiting Cards with you. When exchanging business cards, hold out your card using both hands with the writing facing the recipient.
- **Greetings:** Address a person using his or her family name only, such as Mr. Chen or Ms. Hsu. The Chinese family name comes first and is usually one syllable.

## **PUNCTUALITY**

Chinese think punctuality is a virtue and try to practice it especially in the business world. Chinese usually tend to come a bit earlier to show their earnestness. And it would not be regarded as being late if you come within 10 minutes.

## ABOUT SHANGHAI

Shanghai is one of the most populated cities and also the most developed city in China, the country's main center for finance and fashion, and one of the world's most populous and important cities. Right in the middle of China's east coastline, Shanghai is an excellent sea and river port, boasting easy access to the vast hinterland. Chinese currency is called Renminbi RMB. Shanghai is divided into 16 districts and 3 counties. Shanghai Culture is original from Traditional Chinese Culture and melted with the Wu and Yue Dynasty Culture, and with a deep affected by Western Culture.

**Location:** The city is located on the southern estuary of the Yangtze River, with the Huangpu River flowing through it. Shanghai is split in two by the Huangpu River, which divides the city into Puxi, west of the river, and Pudong, east of the river. The municipality borders the provinces of Jiangsu and Zhejiang to the north, south and west, and is bounded to the east by the East China Sea.

### Reaching Shanghai

**By Air:** Shanghai has two international airports something no other city in China can boast. Pudong International Airport handles 60% of flights, while the remaining 40% use Hongqiao International Airport. As one of the main Chinese airline hubs, the city has opened connections with nearly two hundred cities, half domestic ones and half international and regional ones.

**By Rail:** Shanghai is the gathering point of many major high speed rail lines; therefore, it has convenient train services for tourists to many destinations throughout China. They are operated at four main railway stations: Shanghai Railway Station, South Railway Station, West Railway Station and Hongqiao Railway Station.

**By Road:** More than 10 Shanghai bus companies operate 1,400+ city bus lines in downtown and suburbs, offering convenient alternatives to metro. At present, there are 20 Shanghai subway lines in operation (including Shanghai Maglev Train), totaling 831 kilometers (516.4 miles). More than 50,000 taxis are serving in Shanghai. They are operated by over 100 taxi companies and are in different colors

**By Ferry:** The Huangpu River running through Shanghai, divides the city into two parts - Pudong New District (east of the river) and Puxi Area (west of the river). The three islands of Chongming, Changxing, and Hengsha under the jurisdiction of Shanghai are separated from the main by the Yangtze River. As a result, ferries play a very important role in the city's transportation. (Huangpu River Ferry & Island Ferry)

**Local Transport:** The public transport system in Shanghai is modern, clean and efficient. With an extensive and affordable public transport network and well-maintained road infrastructure, expats will have no trouble making their way around the city. Expats will usually have the choice of purchasing tickets or a reloadable contactless smartcard known as a Shanghai Jiaotong Card. The public transport system is largely integrated. Shanghai Jiaotong Cards can be purchased and then swiped when boarding and exiting buses, some ferries or the metro.

## JET LAG

Extreme tiredness and other physical effects felt by a person after a long flight across several time zones. Some tips can be followed to avoid jet lag

**Drinking fluids** - The dry air in aircraft causes dehydration. Drinking plenty of non-alcoholic fluids counters this.

**Sleeping aids** - Blindfolds, ear plugs, neck rests and blow-up pillows are all useful in helping you get quality sleep while flying.

**Exercise** - Get as much exercise as you can. Walking up and down the aisle, standing for spells, and doing small twisting and stretching exercises in your seat all help to reduce discomfort, especially swelling of legs and feet.

**Showers** - During extended stopovers on a long-haul flight, showers are sometimes available. A shower not only fresh you up but gets the muscles and circulation going again and makes you feel much better for the rest of the flight.

**Sleeping pills (don't!)** - Some people use sleeping tablets to try to alleviate jet lag. This is a dangerous approach as sleeping pills induce a comatose state with little or no natural body movement.

## SIGHTSEEING

### Yu Garden

Yu Garden the forbidden city' or Yuyuan Garden is an extensive Chinese garden located beside the City God Temple in the northeast of the Old City of Shanghai, China.

### Oriental Pearl Tower

The Oriental Pearl Radio & TV Tower is a TV tower in Shanghai, China. Its location at the tip of Lujiazui in the Pudong district by the side of Huangpu River, opposite The Bund, makes it a distinct landmark in the area.

### Jade Buddha Temple

The Jade Buddha Temple is a Buddhist temple in Shanghai, China. As with many modern Chinese Buddhist temples, the current temple draws from both the Pure Land and Chan traditions of Mahayana Buddhism

### City God Temple

The City God Temple or Chenghuang Miao is a temple located in Shanghai, China, within the old walled city. Today the "City God Temple" not only refers to the large temple complex, but also the traditional district of commerce in the city, surrounding the temple. There are over a hundred stores and shops in this area, and most of these store buildings are nearly a century old. The temple connects to the Yuyuan Garden, another landmark of the old city.
